

SHRUTI PATNAIK

Frontend Developer | Full Stack Developer (Fresher)

+91 7999378747 @ patnaik.shruti123@gmail.com

SUMMARY

B.Tech graduate (2025) with hands-on experience in developing and deploying full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Worked on projects involving user authentication, database management, REST API integration, and responsive user interfaces. Experienced in building scalable web applications and implementing modern development practices. Seeking a software development role where I can apply my technical skills, contribute to meaningful projects, and continue learning modern web technologies.

PROJECTS

WanderLust | Full-Stack Travel Listing Web Application

Git: <https://github.com/Shruticode-ctrl/Wanderlust>

- Developed a full-stack travel listing web application using Node.js, Express.js, MongoDB, and EJS.
- Implemented user authentication, listing management, and review functionality.
- Built CRUD operations for travel listings and user reviews.
- Utilized MongoDB Atlas for managing user, listing, and review data.
- Designed responsive user interfaces using Bootstrap, HTML, CSS, and JavaScript.
- Deployed the application on Render for public access.

FinFlow | Personal Finance Management Web Application

Git: <https://github.com/Shruticode-ctrl/FinFlow>

- Developed a finance management application using MongoDB, Express.js, React.js, and Node.js.
- Implemented user authentication and login functionality using JWT.
- Developed and integrated REST APIs for transaction management, budget planning, and goal tracking.
- Integrated MongoDB Atlas for secure data storage and management.
- Deployed the application using Vercel
